1. EVANGELICAL-CHARISMATIC SEMINAR SAT, 9 MAR | 2-6PM | WORSHIP CENTRE

KEYNOTE SPEAKERS:

PASTOR BEN KC LEE & PASTOR VINCENT LUN

'Word and Spirit' is a phrase that is often used to describe us as a church. In one sense, it's simply intended to state that we believe in the Bible and in the work of the Holy Spirit. But beyond just believing, what does it really mean to hold in balance God's Word and the work of the Spirit?

RiverLife Church has a rich spiritual heritage since her founding by Bartley Christian Church. The teaching of God's Word through the pulpit and cells has been a critical foundation. In 1998, RiverLife experienced a special move of the Holy Spirit. As a result, many lives were touched and transformed by the presence of God. RiverLife is a Word and Spirit church, or Evangelical-Charismatic. In this seminar, we will unpack what is being Evangelical-Charismatic, and what that means for us as individuals and for our cells. With a clear understanding, every RiverLifer can then live fully in God's design for us – Word and Spirit.

On 17 & 24 Mar, there are two options for you to choose from.

OPTION 1

THE HEART OF INTIMACY

SUN, 17 & 24 MAR | 2-4.30PM | VENUE TO BE CONFIRMED

SPEAKERS: JOSH YEOH & TEAM

Proverbs 4:23 reminds us of the centrality of our hearts – “Guard your heart above all else, for it determines the course of your life.” Drawing from the life of David, this workshop will be taught over 2 weekends – giving members insights into King David’s heart that produced passion for the beauty of the Lord. Also, learn how to cultivate an intimate relationship with Christ through meditation of the Word and pray-reading the Word.

OPTION 2

A. MARKETPLACE EVANGELISM

SUN, 17 MAR | 2-4.30PM | WORSHIP CENTRE

SPEAKERS: MARKETPLACE PANEL

For years, Christ followers in the marketplace believe that their only significant contribution to the Kingdom of God would be in church. This couldn’t be further from the truth. Every disciple of Christ in the marketplace is placed there by God so they can make a difference and sow at their workplaces. However, many disciples often lack the tools and insights into how. Learning from the experiences of marketplace people, this seminar will inspire believers to reach out at the workplaces while providing tools and insights as to how to do so.

Participants will have to register for breakout sessions according to their vocations:

- Students & NSF Men
- Teachers, Educators, Trainers, Counsellors
- Early-mid career, Management
- Homemakers, Retirees, Freelancers

B. MOVING INTO SPIRITUAL CONVERSATIONS

SUN, 24 MAR | 2-4.30PM | WORSHIP CENTRE

SPEAKERS: OUTREACH PANEL

One of the most common mistakes made in evangelism is to use Scripture as a base for presenting Christ. While the Word of God is powerful, it might not be as effective on pre-believers who don’t believe in Christ, especially atheists. The most effective way to reach an individual is to start from everyday conversations. The Christian must first address their friends’ worldviews before presenting the option of Christ. This seminar will provide practical handles on how to turn everyday conversations into spiritual conversations so that an individual can reflect on his/her belief system and consider Jesus as the Way, the Truth and the Life.
